## General information

While the Motor Vehicle Services Driver Manual includes helpful information about lost licenses, inspections, changes of address, accident reporting and other matters, this directory will help you check Motor Vehicle Services office listings and phone numbers to save time.

## Agencies and regional service centers

Every county has an agency. Counties with large populations have several. Regional service centers offer a wider range of services to motorists closer to where they live and work. Addresses and phone numbers are listed on the following pages and in your telephone book.

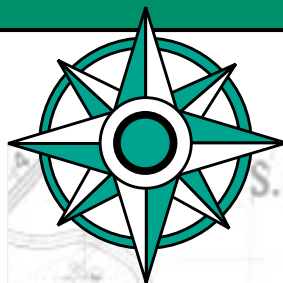

### Regional service centers

Regional Service Centers are at convenient, key locations around the state to make services previously offered only in Trenton available closer to where motorists live and work.

These centers are a critical part in the effort to make Motor Vehicles a more helpful and responsive customer service agency.

The regional centers currently open are located in West Deptford, Wayne, Eatontown and Trenton. Regional centers offer the following services:

- **Full-service motor vehicle agency.** Offers normal agency functions such as titling vehicles and boats, issuing registrations, licenses, non-driver Ids, duplicate or corrected titles, registrations, licenses and permits and accepting license plate surrenders.

- **Driver conference area.** Offers scheduled driver conferences and assistance for walk-in applicants who have questions about their driving records, points or the insurance surcharge system.
- **Driver tests.** Offers eye and written driver testing services. Road tests can be scheduled at the centers, but will be performed at driver road testing facilities.

**Note:** Vehicle inspections are performed **only** at Eatontown Regional Service Center.

- **CDL issuance.** Offers Commercial Driver License (CDL) permits, initial, transfer, duplicate and upgraded licenses. CDL applicants must purchase their permits at Regional Service Centers.

In addition, a site manager and customer service representative are always available to ensure that the centers operate smoothly and efficiently and that customers receive courteous and responsive service in a timely manner.

Regional centers have ample parking and are open from 8 a.m. until 4:30 p.m. Monday through Friday and until 7:30 p.m. one night for agency business (see chart on p. 124 for late nights). For more information, call (888) 486-3339 toll free in New Jersey or (609) 292-6500 from out of state. It's best to call before you travel to any MVS facility and confirm hours of operation.

## Motor vehicle agencies

Motor vehicle agencies are open from 8 a.m. until 4:30 p.m. Monday through Friday and one night a week until 7:30 p.m. as noted. Agency calls are handled centrally in Trenton.

Call (888) 486-3339 toll free in New Jersey or (609) 292-6500 from out of state for general customer information and (609) 292-7500 for license suspension and restoration answers.

## Driver testing centers

All driver testing centers (DTC) are open from 8 a.m. to 4:30 p.m. Monday through Friday, unless otherwise noted. Some have evening hours. Before you take your road test, you must:

- purchase a permit at a motor vehicle agency;
- pass the eye and written tests at any DTC or regional center, no appointment is necessary; and
- make a road test appointment at any DTC or regional center.

## Inspection stations

To better serve the needs of its citizens, New Jersey has these types of inspection stations:

- appointment only
- specialty inspection sites
- central vehicle inspection (VIS) stations

These stations inspect all types of standard vehicles and are open from 6:30 a.m. to 4:30 p.m. weekdays (except legal holidays) one night a week until 7:30 p.m. and on Saturdays from 6:30 a.m. until 2:30 p.m.

For current waiting times and other inspection information call the Clean Air Hotline toll free in New Jersey at (888) NJMotor, (888) 656-6867 or (609) 895-6886 from out of state.

Please check your vehicle before going to the inspection station. Have necessary repairs made to prevent a second or third visit.

- specialty sites that inspect only salvage, reconstructed raised vehicles, farm labor transports, handicapped, summer camp buses and other specially constructed cars, trucks and motorcycles; and referee inspection disputes as a consumer protection function. These stations are open from 7 a.m. to 4 p.m. weekdays (except legal holidays). Call (888) 486-3339 for more information.

- (888) 486-3339 toll free in New Jersey for general customer information or

\*Call (888) 486-3339 toll free in New Jersey.

**AIR BAGS.** Supplemental safety systems are standard equipment in newer models and designed to protect drivers and passengers in frontal crashes. Used in combination with seat belts.

**ANTI-LOCK BRAKING SYSTEM (ABS).** Allows the driver to stop without brake lockup. Standard equipment in newer models, use ABS with a steady pressure, never pump the brakes or jerk the wheel when using an ABS.

**ALL-TERRAIN VEHICLE (ATV).** Any motor vehicle designed to travel over any terrain, of a type possessing between three to six rubber tires and powered by a gasoline engine not exceeding 600 cubic centimeters.

**BICYCLE.** Any two-wheeled vehicle with a rear drive wheel, which is solely human powered, and with a seat height of 25 inches or greater when the seat is in the lowest adjustable position.

**BLIND SPOT.** The area at the left and right corner of the car that the driver cannot see in the rearview mirrors.

**BLOOD ALCOHOL CONCENTRATION (BAC).** The percent of alcohol in a person's blood. In New Jersey it is illegal to drive when the blood alcohol concentration is .10 percent or more for a person 21 or over; .01 to .10 percent and .10 percent and above for someone under 21.

**BYPASS.** A road used for going around or passing by an area.

**CONTROLLED INTERSECTION.** An intersection where traffic is regulated by traffic signs or signal lights.

**DAYTIME RUNNING LAMPS.** Upper beam headlights that go on automatically in the daylight hours are standard equipment on newer General Motors and Saab, Volkswagen and Volvo models.

**DECELERATION LANE.** An extra driving lane on the side of a high-speed highway to permit vehicles to slow down before exiting.

**DEFENSIVE DRIVING.** Being careful to prevent accidents in spite of incorrect actions of others or bad driving conditions.

**DISCRETIONARY SENTENCES.** Where specific penalties for driving offenses are not set by law, the penalties are set by the courts or the Director of Motor Vehicles.

**DRIVER IMPROVEMENT PROGRAM.** This is a special course of study given by Motor Vehicles to drivers who have 12 points on their records or have shown cause that their driving needs improvement.

**DRIVING UNDER THE INFLUENCE (DUI).** Driving when your senses and judgment are impaired by alcohol or drugs of any kind.

**ENDORSEMENT.** A code used on a basic driver license when you have obtained a license to drive another type of vehicle such as a motorcycle or a boat. Examples of two commercial driver license endorsements are passenger and tank vehicle.

**FINANCIAL RESPONSIBILITY.** A driver's or car owner's ability to pay for damage caused by an accident when he is at fault. It usually is in the form of liability insurance.

**FREEWAY.** A high-speed divided highway without intersections.

**GRADUATED DRIVER LICENSE.** A step-by-step driver license process applicable to all new applicants under 18 years.

**HYDROPLANING.** A driving condition where tires lose traction on a wet road and float on a layer of water or slush.

**IGNITION INTERLOCK DEVICE.** A blood alcohol equivalence measuring device that prevents a motor vehicle from starting if the operator's blood alcohol content exceeds a predetermined level when the operator blows into the device. The device is not factory provided.

**IGNITION INTERLOCK SYSTEM.** A factory provided vehicle key locking system that prevents removal of the key unless the transmission or shift lever is locked in "Park," and prevents vehicle theft and rollaway vehicles.

**IMPAIRMENT.** Physical and/or mental conditions that can reduce the ability to drive safely.

**IMPLIED CONSENT.** Under this law, a driver, by driving, automatically agrees to take a breath test for blood alcohol concentration when under arrest and suspected of driving under the influence.

**INTERCHANGE.** Junction of two or more highways where turnoffs allow you to join or cross traffic.

**INTERSTATE SYSTEM.** A national network of 41,500 miles of limited-access highways set by Congress.

**INTOXICATION.** The state of a person who has drunk too much alcohol.

**MANDATORY SENTENCES.** These are penalties set by law for certain driving offenses and, if convicted, the penalties set must be carried out.

**MARGIN OF SAFETY.** The distance between vehicles that permits safe passing or following.

**MEDIAN.** A strip of land separating traffic going in opposite directions.

**MERGING TRAFFIC.** Traffic from two separate streams combining into one.

**NO ZONES.** Blind spots or danger areas, particularly around trucks, where crashes may occur.

**PASSIVE SAFETY.** Provides an appropriate level of protection for vehicle occupants during and after a collision.

**PEDESTRIAN.** Any person on foot.

**PRIVILEGE.** A benefit. A driver license, for example, is a privilege and not a basic right granted by law.

**PROBATIONARY DRIVER.** A new driver who is licensed on a probationary basis for a two-year period following the issuance of his initial license.

**REACTION DISTANCE.** The distance the car travels before a driver can take corrective action.

**REHABILITATION PROGRAM.** When convicted of an alcohol or drug-related driving offense you must attend and complete a special education program designed to help you avoid repeated offenses.

**RESTORATION.** The return of the driving privilege after it has been suspended and once all requirements for return of the driving privilege have been met.

**RESTRICTION.** A special need that must be met in order to drive legally. It is marked on your license. For example, if you must wear corrective lenses to pass your vision test, you must wear them when driving.

**RIGHT OF WAY.** The privilege of the immediate use of the highway. Pedestrians always have the right of way. At uncontrolled intersections, the vehicle to the left shall yield the right of way to the vehicle approaching from the right.

**ROAD RAGE.** High risk drivers who take out their frustrations on others at any time. Their acting out is commonly called “road rage,” when they lose their tempers in reaction to traffic or congestion, or are provoked by the actions of another driver.

**SAFETY ZONE.** The space set apart within a roadway for the exclusive use of pedestrians. It should be protected or marked to be plainly visible at all times.

**SCHEDULED LICENSE SUSPENSION.** A notice sent to a driver with the effective date, the reasons for suspension and listing the actions necessary to prevent license suspension.

**SHOULDER.** That portion of the highway for emergency use, but not intended for travel.

**TAILGATING.** Following another vehicle too closely.

**VALIDATION.** Official approval showing that you completed the necessary steps to obtain a driver permit or license. The approval is for the time stated and only valid when properly signed.

**VIOLATION.** A failure to obey driving rules and regulations.
